

## How much would you pay for the following?

- Lower IT costs
- Competitive advantage
- Lower business risk
- Improved service delivery

Join CSA for coffee, as we show you how much Unified Communications can do for so little cost

# Business efficiency paid for in coffee!\*

That's right, for no more than the price of a cup of coffee per person per day\* CSA will show you how Cisco Unified Communications solutions can deliver all these benefits and more.

By integrating your voice and data systems into a single network including wireless mobility, intelligent voicemail, call redirecting, affordable video conferencing and more will deliver the business efficiencies SMB's need right now.

## Here's a few ways Cisco Unified Communications can help your business:

1. Customers can contact the right person at the right time
2. Eliminate Telephone Tag
3. Utilise innovations to control interruptions, reduce travel costs and save time
4. Work from anywhere
5. Leverage off your existing IT investment

Be one of the first to arrange your FREE chat over coffee and we'll offer you a fixed price solution that includes everything including installation, training and support! All this for the price of coffee beans!
